# Boredom Busters

## Outdoor Book and Scavenger Hunt!

Winter is an exciting time to get outside for some fresh air. To help encourage our children to join us for the fun consider going for a walk and using a nature scavenger hunt! You can also explore our amazing parks and green spaces in Edmonton using our Animal exploration book. We even have a video to showcase the fun!

## Snow Fun!

Too cold to go outside? It is SNOW problem! We can bring some creative fun with the snow inside. Fill a bucket with the white stuff and have fun with a spray bottle with water and food colouring to make indoor snowmen and sculptures. You can escape the cold and have a tasty treat with marshmallow fluff and popcorn "snow" sculptures too!

## Guess What!?

You can play a fun guessing game just using items around the house. Fill a bag with small objects, toys, and even nature items. Take turns reaching your hand in and describing the object for others to guess.

## Where in the World!?

Your family staycation can still let you travel the world! Google Earth is completely free and works on any device. There are games, fun facts, virtual reality and more for children to explore. Where will you go first!?
